

CampusCE Corporation: The Company's Experience

CampusCE Corporation has nearly eighty clients in each of the major geographic regions of the United States. Our clients vary in size and elect to use our services in different capacities, ranging from online registration for individual departments at single and multi-campus institutions to a complete suite of enterprise applications with fully integrated data-warehousing solutions for state-wide community college systems.

Loren Pace – President & CEO of CampusCE

Mr. Pace has over thirty years of international business and executive level experience, providing strategic leadership direction for companies in various stages of development in the petroleum, wireless, health care services and education industries. Since 2002, Mr. Pace has been President, Chief Executive Officer and Board Member of CampusCE Corporation. CampusCE provides a cloud based integrated ecosystem consisting of an Educational Management System, LMS, High Stakes Assessment package and Data Warehousing and Business Intelligence software.

Mr. Pace is Vice President of Efund LLC, an investment partnership focused on early-stage investments in communications. Mr. Pace has been involved in over 15 start-ups as an investor and advisor in the educational software, wireless and Internet space.

In addition to serving on the board of CampusCE Corporation, he is a board member of LTC Quest, which is a provider of on-demand software products to the Health Care Industry, as well as Performance Management Partners, Inc., a provider of data warehousing and business intelligence solutions. Mr. Pace has worked at the board level with Healthy Heart Sleep Programs, Global Market Insite, Net Reflector, TeachFirst and Loving Couples-Loving Children, Inc.

Mr. Pace was a key member of the senior management team of Mforma Group, Inc.(now HandsOn Mobile, Inc). He served as Treasurer and Director of Finance during the company's growth from 34 employees to over 700 in less than two years through domestic and international acquisitions in the UK, South Korea and China. During this time, he raised over 75 million in venture capital.
